Designing a label

Email return to: rebecca@mermed.com.au

There are a number of elements that are important to communicate to your designer when you are asking for a new label to be designed (to ensure the label meets your needs). The following is a checklist that can be followed to assist you and your designer:

Material:

Paper

☐

Polypropylene

(Waterproof after application)

☐

Label Size:

Custom Size

(Maximum size 209mmx445mm)

☐

Stock Size

(Refer to Stock Labels in contents)

☐

Colour:

Custom Colour

(Excludes Fluoro colours)

☐

Stock Colour

(Refer to Stock Labels in contents)

☐

Sterile:

Yes:

☐

No:

☐

Non-sterile finish:

In rolls:

☐

Cut&

double bagged:

☐

Usage:

**Design to meet ISO and Australian National Standards
And Recommendations:**

☐

Please also note that stock sizes and colours within these ranges are the most cost effective.
